ACCIDENTS: Accidents, serious injury or illness must be reported to the building principal immediately. An accident report must be filled out by the supervisor in charge of the student(s) the day of the accident and turned in to the principal who will forward it to the superintendent's office.

APPLIANCES: Any appliances in classrooms must be approved by the building principal each year. Candles warmers and electric heaters are NOT allowed in classrooms.

ART: Students in grades kindergarten through four will receive art instruction once a week. Classroom teachers are encouraged to supplement art appreciation and learning in the classroom. As art is a regular learning experience, students are not to be kept from attending as a disciplinary method. Likewise, the art teacher will not send the students back to their classroom for disciplinary measures. The homeroom and art teacher may deviate from this approach only by mutual consent and approval from the principal.

ATTENDANCE (STUDENT): Attendance will be taken in the morning by **9:00 AM** and by 1:15 in the afternoon using Skyward.

Absences: When a child is absent for any reason, a note from the parent is requested explaining the reason for the absence. This note should be dated, **shared with the office** and kept by the teacher for the school year. Parents are requested to call and inform the office on the morning of the absence by 8:45 A.M.

- Excuses: If a parent wishes his/her child to be excused during the day for any reason whatsoever, a written request must be sent by the parent to the teacher. **This information needs to be shared with the office.** Teachers should keep folders on all such written requests. Be sure to date these requests if the parent does not do so. **To be considered an excused absence, all vacations or family trips must be referred to the principal for approval.**
- Tardiness: The following schedule will be used to determine tardiness: All students must be in their rooms by 8:30 A.M.; Afternoon kindergarten and early childhood students are to be in their room by 12:30 P.M. All other students must be in their rooms or with their teachers following the end of their respective lunch period. Students who enter their classrooms or join their class after this time should be marked tardy.

ATTENDANCE (STAFF): Good attendance is imperative. Employees are expected to schedule appointments outside of their work day whenever possible. Teachers, paraprofessionals, library clerks, reading aides, and secretaries are to use the Aesop system when they become ill and will be unable to attend work. Passwords are required for this system and can be obtained from Tina Strode at the Superintendent's Office.

AUDIO-VISUAL MATERIALS: The building has many A-V materials available. If you do not have what you need or want in your room, please let the library clerk know. While audio-visual programs and materials can be real learning supplements, they need to be used with an educational purpose in mind. When videotapes or DVDs are used in the classroom, they are to be used for a valid educational purpose and not just for entertainment. **Lesson plans should indicate what objectives are being met through the use of DVDs.**

BULLY POLICY: Staff members must report acts of bullying, harassment and other acts of actual or threatened violence. Prohibited conduct includes use of violence, force, noise, coercion, threats, intimidation, fear, harassment, bullying, hazing or other comparable behavior. Teachers must include character instruction and bully prevention in their curriculum. See District Bully Policy – 7:180 adopted 1/23/08 and Curriculum Content Policy – 6:60 adopted 9/20/04.

BUS STUDENTS: Bus students and the students entering the building before 8:05 will go to the cafeteria. Most students will ride a school bus from time to time either to and from school or on a special trip. For this reason, all students will receive instruction from their teachers on the rules for school bus.

CELL PHONES: School districts throughout the United States are dealing with the distraction of cell phones. Canton School District has a strict use policy for students. Staff must limit their cell phone use while at school. Cell phones, texting, and classroom phones should only be used for school business or emergency purposes. There are always incidences where phone use is needed to communicate with family members or to take care of a household situation. Staff members should make every effort to make those calls when students are not present.

CHARACTER DEVELOPMENT: Canton Union School District in partnership with the YMCA has adopted a Character Development Program, which features the traits of honesty, caring, respect, and responsibility. These building blocks are the

foundation of teaching our children how to be productive citizens in the 21st century. All staff members are expected to encourage students to display these traits while at school.

CLASSROOMS: See “Appliances”.

Curtains cannot hang above the door. Staff cannot paint their own rooms. Rooms can only be painted by the district maintenance after completing a maintenance request.

COMMITTEES: Staff members will be asked to serve on various building and/or district committees.

COMMUNICATION: All staff members are expected to check mailbox, e-mail and voicemail each day, in the morning, after lunch and before leaving.

COMPUTER HARDWARE AND SOFTWARE: Faculty members should respect copyright laws as they apply to computer software materials.

COMPUTER LAB: Each homeroom teacher must schedule at least one period per week for students in the computer lab. This time is instructional time and should not be used for games. Teachers are expected to write lesson plans for their computer lab instruction and follow the district technology curriculum.

CONTROL OF STUDENTS AT SCHOOL: During breaks from regular class activities, such as recess, noon hour, PE, etc., children should move from place to place in an orderly, supervised fashion and should return to their classrooms in the same manner.

All students are under the supervision of the nearest faculty or staff member regardless of grade level taught or position. Individual students in the halls or on the playground who are away from the classroom for any reason are expected to promptly obey any faculty or staff member. We are all responsible for the general well being of the students during the entire school day.

COPY MACHINE: The copy machine is to be used for school related matters. The secretarial staff should not be utilized to run copies. Teachers should avoid sending students to the office to run copies unless it is an emergency.

CORPORAL PUNISHMENT: S.B. 127 amends Section 24-24 by mandating that discipline policies shall not include slapping, paddling, or prolonged maintenance of students in physically painful positions nor shall it include the intentional infliction of bodily harm.

CRISIS MANAGEMENT PLAN: Each teacher shall receive an updated crisis management plan that must be kept out on the teacher’s desk for easy access in an emergency or in the emergency bag provided by the office. Emergency bags must be hung by the exiting door and easily accessible and visible. Staff members are responsible for knowing what to do in case of a fire, disaster, lockdown or other emergency situation.

CURRICULUM: Teachers are expected to follow the district curriculum guidelines found on the district website using the Atlas System. Lessons must be aligned to the common core in Math and English Language Arts.

CUSTODIAL SERVICES: Although the custodial crew is responsible for the general daily cleaning of the room, the teacher is responsible for keeping an orderly room. Teachers should perform a visual sweep of their rooms before leaving each day to assure that things are in order. Teachers should avoid leaving items on the floor or on trays under students' desks. Due to time schedules placed on the custodial crew, cluttered and disorganized rooms may not receive the same service as organized, well-kept rooms.

Teachers who have custodial issues should notify the principal. The matter will be handled as soon as possible. Custodial problems should not be taken directly to custodial personnel.

DISCIPLINE: “Teachers and other certified educational employees shall maintain discipline in the school. In all matters relating to the discipline in and conduct of the schools and the school children, they stand in the relation of parents and guardians to the pupils. This relationship shall extend to all activities connected with the school program and may be exercised at any time for the safety and supervision of the pupils in the absence of their parents and guardians.” School Code 24-24.

Teachers must send home a copy of the classroom disciplinary expectations at the beginning of the year. Parents should review the information with their child and return signed form. Teachers are expected to keep parent signature sheets on file in their room.

DISTRICT FORMS: Copies of all district forms are included on the district website

DOORS: Classroom doors need to be shut and lights turned off when leaving the classroom at any time.

DRUG AND ALCOHOL POLICY: Drug abuse by employees in the workplace is unacceptable and prohibited since it can adversely affect health and safety, productivity, public confidence and trust, and serves as a negative role model for students.

As a condition of employment, all personnel are required to abide by the terms of this policy. Further, the employee is required to notify the employer within five days of any drug statute conviction for a violation occurring within the workplace.

An employee convicted or otherwise in violation of this policy shall be subject to disciplinary action up to and including termination or be required to satisfactorily complete a licensed and/or approved drug-abuse rehabilitation program. Please refer to Board Policy 5:50 for more information.

E-MAIL: Staff should check their e-mail on a regular basis. E-mail will be used as the primary source of communication to the general faculty/staff when possible. All users of the District's email shall maintain the confidentiality of student records. Students and staff members have no expectation of privacy in any material that is stored, transmitted, or received via the District's electronic network or District computers.

EMERGENCIES AND SEVERE WEATHER: To determine if the schools will open in extreme weather, staff members are asked not to call the school or radio station, but to listen to the Canton Radio Station WBYS 1560 AM, or local television stations for instructions. In cases of a tornado warning during school hours, pupils will be kept in the buildings until the warning is lifted. Each school has a crisis management plan. Each school is equipped with an emergency radio, which is in direct contact with the weather reporting bureaus.

The decision to close or to delay school is made as early as possible and released to radio station WBYS. A delayed start means classes will start one hour later and buses will run one hour later.

FIELD TRIPS: All field trips – including walking field trips should be tied to the curriculum and approved by the building principal. Bus request forms must be filled out by the teacher, signed by the principal and faxed to the bus garage when transportation is needed.
